Charges.	)	

This matter comes before the Public Service Commission of South Carolina (the Commission) by the request of United Parcel Service, Inc. (UPS) for authority to increase rates and charges by the amount of \$1,095,105. The Application was filed by J. Thornton Kirby, Esquire. UPS seeks the adoption and authorization by this Commission of Supplement No. 2 to Tariff PSCSC-MF No. 6.

The Company published a Notice of Filing in newspapers of general circulation in Florence, Charleston, Columbia, and Greenville. No protests were received.

The Accounting Staff reviewed the rate request of UPS and calculated a present per book operating ratio of 110.10% on the Company's filed per book numbers. After adjusting the Company's per book figures for the request of \$1,095,105, the Company's operating ratio would decrease to 100.39%.

The Commission has reviewed the data as such, and finds that it is just and reasonable, and that United Parcel Service, Inc. should be allowed to place the rates and charges contained in

Supplement No. 2 to Tariff PSCSC-MF No. 6 into effect, effective no sooner than February 25, 1992.

IT IS THEREFORE ORDERED:

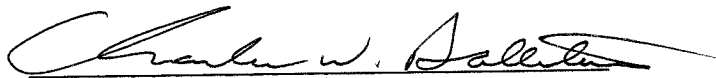

1. That the rates and charges described by Supplement No. 2 to Tariff PSCSC-MF No. 6, are hereby authorized to be placed into effect, effective no sooner than February 25, 1992.

2. That this Order shall remain in full force and effect until further Order of the Commission.
